Phase I 2012 – 2022

Profound Builders Era

*The Beginning of Abundance*

# Transition

*'We are going to transition into an economy that is very productive and just does not need a lot of human workers.'*

*Managing that transition is going to be the greatest challenge that our society faces.'*

- Andrew McAfee (<https://bazaarmodel.net/phorum/read.php?3,9211>)

The Transition is..

*To Create the Environment*

where we learn the Art of Being

*Human*

# And we have begun..

## To lay the foundation

- \_ A technological foundation
- \_ And an *affective* foundation
- \_ For the Environment where we learn the Art of Being Human

# Laying the technological foundation

- *Energy* – the energiewende has begun
  - Globally 100% renewable energy in 2050
- *Data* – Open source cloud computing
  - Intelligent interactive learning for anyone
- *Matter* – the beginning of the Creator Unit
  - 3D Printing has taken off
  - Open source renaissance of *creativity*

# Laying the *affective* foundation

## Towards an *affective* consciousness

- One can't be effective without an *affective* consciousness
- In an *affective* ambiance

## A first step could be to explore haptonomy

- The Science of *Affectivity*, the foundation of creativity

*'..benevolent affection .. the foundation of creativity .. creative human action or entrepreneurial activity..'*

# The foundation of creativity

**Affectivity** is the foundation of creativity, of a creative economy:

*'..we move from the industrial economy through the service economy to the knowledge economy, and now the creative economy..'*

- Gary Hamel (<https://bazaarmodel.net/phorum/read.php?3,9228>)

# A Creative Economy of *entrepreneurial activity*

Where humans act: economics as a Science of  
Human Action (<https://bazaarmodel.net/phorum/read.php?3,9306>)

Where humans value: '*A judgment of value .. a  
man's affective response to definite conditions of  
the universe..*' - Mises (<https://bazaarmodel.net/phorum/read.php?3,8555>)

A Creative Economy of **Affective** Human Action

# Affective Human Action

## In Our Electrical Environment

- The dynamic electric universe
  - (<https://bazaarmodel.net/phorum/read.php?3,9270>)

## Where we make *contact* via *affective action*

*'..A tool like language cannot really be used to describe a tactile experience. Haptonomy cannot truly be grasped until experienced..'*

- Dolto (<https://bazaarmodel.net/phorum/read.php?3,9219>)

*'For it is through actions that the mind and reality make contact.'*

- Hoppe (<https://bazaarmodel.net/thoughts/?p=196>)
